

Course registration

2012-01-16

Registration request

I want to register for the following programme/programme course/ single course:

Rules on cancellation of registration for a course

According to the decision by Rector regarding "Rules of Registration, Cancellation and Report of credits" (*Dnr LiU 750/06-20*) all students who no longer intend to pursue a course are obliged to cancel their registration. The cancellation can be considered as early or late.

Early cancellation: if you cancel your registration within three weeks after the course starts, provided that no results have been reported, the cancellation is considered early. This means that you can apply for the course again another semester.

Late cancellation: if you cancel your registration after more than 3 weeks after the course starts, or if results have been reported, the cancellation is considered late. This means that you can re-register for the course again another semester, but only if there are places available.

All students who no longer intend to pursue a course at Linköping University are required to cancel their registration. To cancel a registration you need to inform the department giving that course. The report of cancellation in LADOK is done by the department or the Student Service Desk.

I hereby certify that I have read and understood the rules above:

Date

Civic Registrations number
(personal identification number)

yymmdd

yymmdd-xxxx

Signature

Name

(in block letters)

If you can not hand it personally please send it to the adress below, fax +46 13285810 or e-mail a scanned Pdf to central.studexp@liu.se.

E-mail in case contact is needed _____
